ABOUT US

**We are driven by a simple belief:
clean energy has the power to
transform lives and communities.**

SANASHID KHAVARMIANEH is a leading solar energy company delivering end-to-end renewable energy solutions. From consultation and design to engineering, construction, and after-sales service, we provide reliable, efficient, and sustainable solutions tailored to the unique needs of our clients.

With a team of experienced professionals and a passion for innovation, we are proud to contribute to a cleaner, greener, and more sustainable future for the Middle East.

Our mission is to harness clean energy today for a brighter and sustainable tomorrow.

10+

Years of Experience

50+

Projects Completed

100%

Renewable Focus

SANA SHID KHAVARMIANEH
BUILDING A BRIGHTER FUTURE

VISION

To be the leading provider of innovative and reliable solar energy solutions in the Middle East, recognized for our commitment to sustainability, quality, and customer satisfaction.

MISSION

To deliver high-quality, cost-effective, and sustainable solar energy solutions through innovation, advanced engineering, and exceptional service, contributing to a cleaner environment and a better future for generations to come.

OUR VALUES

INTEGRITY

We act with honesty, transparency, and strong moral principles.

INNOVATION

We embrace new technologies and creative solutions to drive progress.

SUSTAINABILITY

We are dedicated to protecting the planet and creating long-term positive impact.

TEAMWORK

We believe in the power of collaboration to achieve greater results.

SANA SHID KHAVARMIANEH
BUILDING A BRIGHTER FUTURE

WHY CHOOSE

SANASHID KHAVARMIANEH?

We combine technical expertise, high-quality equipment, and a customer-centric approach to deliver exceptional solar energy solutions.

EXPERIENCED PROFESSIONALS

Our team of engineers and project managers brings years of hands-on experience in solar energy projects of all scales.

HIGH-QUALITY SOLUTIONS

We use top-tier equipment and advanced technologies to ensure maximum efficiency, reliability, and long-term performance.

END-TO-END SERVICES

From feasibility study and design to installation and after-sales support, we manage every step of your project.

QUALITY & SAFETY FIRST

We adhere to international standards and strict safety protocols to deliver projects with the highest level of quality and safety.

COST-EFFECTIVE & SUSTAINABLE

Our solutions are designed to reduce energy costs while minimizing environmental impact.

RELIABLE SUPPORT

We provide responsive after-sales support and maintenance to ensure your system performs at its best, always.

“

Your trusted partner
for a sustainable
tomorrow.

SANA SHID KHAVARMIANEH
BUILDING A BRIGHTER FUTURE

OUR SERVICES

We deliver integrated solar energy solutions tailored to meet the diverse needs of our clients across the Middle East.

EPC PROJECTS

End-to-end engineering, procurement, and construction of solar energy systems from concept to commissioning.

SOLAR POWER PLANTS

Utility-scale and distributed solar power plants designed for maximum efficiency, reliability, and long-term performance.

ENERGY STORAGE SYSTEMS

Advanced energy storage solutions for backup power, peak shaving, and energy independence.

OFF-GRID SOLUTIONS

Reliable off-grid solar systems for remote areas and locations without access to the grid.

HYBRID SOLUTIONS

Smart hybrid systems that combine solar, storage, and grid power for optimized energy use.

OPERATION & MAINTENANCE

Professional O&M services to ensure optimal system performance, safety, and long-term reliability.

SANA SHID KHAVARMIANEH
BUILDING A BRIGHTER FUTURE

OUR PROJECTS

We design and implement high-quality solar energy systems tailored to the needs of homes, businesses, and industries. Here are some of our recent projects.

01

DAMAVAND
VILLA HOUSE PROJECT

SOLAR PANELS
8 × 620W Jinko

INVERTER
1 × 6kW Growatt

BATTERY
1 × 10kWh LiFePO₄
GoGreen

DAILY PRODUCTION
25 kWh

02

SHAHRIYAR
GARDEN HOUSE PROJECT

SOLAR PANELS
4 × 625W Jinko

INVERTER
1 × 5kW Must

BATTERY
1 × 5kWh LiFePO₄
Must

DAILY PRODUCTION
12.5 kWh

03

SAFADASHT
INDUSTRIAL PROJECT

SOLAR PANELS
22 × 625W Jinko

INVERTER
1 × 12kW Hybrid Growatt

BATTERY
1 × 5kWh LiFePO₄
Growatt

DAILY PRODUCTION
68 kWh

34
SOLAR PANELS
INSTALLED

3
INVERTERS
INSTALLED

3
BATTERY SYSTEMS
INSTALLED

105.5 kWh
TOTAL DAILY
PRODUCTION

OUR PROCESS (EPC)

We follow a structured and transparent process to deliver high-quality solar energy systems with maximum efficiency, reliability, and long-term value.

01

CONSULTATION

We listen to your needs and provide professional advice to create the best solution for your energy goals.

02

ENERGY ANALYSIS

We analyze your energy consumption and requirements to design the most efficient solar system.

03

SITE SURVEY

Our engineers visit the site to assess conditions and collect all necessary data for accurate planning.

04

ENGINEERING DESIGN

We design a customized solar solution using advanced software to ensure optimal performance and reliability.

05

EQUIPMENT SUPPLY

We source and supply premium quality equipment from trusted global brands.

06

PROFESSIONAL INSTALLATION

Our skilled installation team ensures safe, fast, and standard-compliant installation.

07

TESTING & COMMISSIONING

We test the entire system thoroughly to ensure everything operates at peak efficiency.

08

AFTER-SALES SUPPORT

We provide ongoing support, maintenance, and monitoring to ensure long-term performance and reliability.

WE DESIGN & INSTALL

ON-GRID SYSTEMS

Grid-connected systems for maximum efficiency and net metering.

OFF-GRID SYSTEMS

Reliable off-grid solutions for remote areas and independent power.

HYBRID SYSTEMS

Smart hybrid solutions combining solar, battery, and grid power.

GENIXGREEN

Go Green

TIER-1 SOLAR PANELS

High-efficiency modules from top-tier manufacturers ensuring outstanding performance and durability.

LITHIUM BATTERY SYSTEMS

Reliable and safe energy storage solutions for residential, commercial, and industrial applications.

HYBRID INVERTERS

Advanced hybrid inverters with on-grid, off-grid, and hybrid capabilities for smart energy management.

ENGINEERING & INSTALLATION

Professional engineering and installation according to international standards for safety and reliability.

AFTER-SALES SERVICES & CUSTOMER SUPPORT

Our commitment doesn't end with installation.
We stand beside our clients throughout the entire lifecycle
of every solar energy system.

WARRANTY COVERAGE

SOLAR PANELS

15 YEARS

Product Warranty

INVERTERS

3 YEARS

Product Warranty

BATTERIES

5 YEARS

Product Warranty

FREE ANNUAL INSPECTION

We provide one free periodic inspection
per year for up to 5 years after installation.

UP TO 5 YEARS

of free annual inspections

OUR AFTER-SALES SERVICES

**PROFESSIONAL
INSTALLATION**

Standard-compliant installation
by experienced engineers.

**COMMISSIONING &
TESTING**

System testing and commissioning
to ensure optimal performance.

TECHNICAL SUPPORT

24/7 phone and online support
by our technical experts.

REMOTE MONITORING

Real-time system monitoring
and performance tracking.

FAULT DIAGNOSIS

Fast fault detection and
effective problem resolution.

PREVENTIVE MAINTENANCE

Regular maintenance to maximize
system efficiency and lifespan.

SYSTEM OPTIMIZATION

Performance analysis and
system upgrade when needed.

SPARE PARTS SUPPLY

Genuine spare parts supply
with fast delivery.

ONLINE CONSULTATION

Quick online consultation
and technical guidance.

WE SUPPORT ALL SYSTEM TYPES

ON-GRID SYSTEMS

Connected to the utility grid for
maximum efficiency and cost savings.

OFF-GRID SYSTEMS

Independent energy solutions
for areas without grid access.

HYBRID SYSTEMS

Smart combination of solar,
battery, and grid power.

RELIABLE SUPPORT

We are always here
when you need us.

EXPERT TEAM

Skilled engineers with
deep technical knowledge.

FAST RESPONSE

Quick response time
for all service requests.

LONG-TERM PARTNER

Building lasting relationships
based on trust.

SANA SHID KHAVARMIANEH
BUILDING A BRIGHTER FUTURE

WHY CUSTOMERS TRUST SANASHID

We combine advanced technology, professional expertise, and a customer-first approach to deliver reliable and sustainable solar energy solutions.

01 EXPERIENCED TEAM

Skilled engineers and specialists with years of experience in solar energy projects.

02 HIGH QUALITY STANDARDS

We use premium equipment and follow international quality standards.

03 MAXIMUM EFFICIENCY

Our systems are designed to deliver maximum energy production and performance.

04 RELIABLE & DURABLE

Long-lasting solutions built to perform in the most demanding conditions.

05 24/7 SUPPORT

We are always ready to support you with quick response and expert assistance.

06 CUSTOMER FOCUSED

Your satisfaction is our priority. We build long-term relationships based on trust.
